Забава

Zabava, a fun Ukrainian dance

2021

Instrumentation:

Violin
Oboe
Bassoon
Cello

This piece is based off of Ukrainian Folk Melodies, And is played as a ‘Comedy of Errors” type of piece. It includes many jokes, some of which are mostly inspired by Mozart, Haydn, and Tchaikovsky, three of my favorite composers. The whole piece has humor in it, even when there Are no jokes playing. The piece uses multiple Ukrainian pieces such as Kolomeykas or Zabavas, which are Ukrainian dances that are meant as fun activities to gather around in a circle where people will go inside the circle, and do solos.
